

INKJET MEDIA CLEARANCE SALE – WINTER 2009

Over the last 12 months, Ink2image has built up excess inventory on some inkjet media lines, and these items are now being offered at deeply discounted prices to clear shelf space for new products to be introduced early in 2010.

Many media types are included in our sale – matte, luster, gloss, fine art paper and canvas – from well known manufacturers such as Hahnemuhle, Innova, Media Street, and Lyson as well as some of our own Ink2image lines.

The following pages list the products available along with sale pricing and the savings available. We have limited quantities of each size and type, and these are being offered on a first come, first serve basis until our inventory is depleted.

This special pricing is not being shown on our web stores, and we are accepting orders by phone or e-mail only. To order, call us on 800 443 9508 or 847 827 0747, or e-mail inquiries@ink2image.com (please include a day time contact phone number when responding by e-mail).

***These are one time only offers that won't be repeated
Don't delay – contact us today!!!***
